1. **Introduction.** (50 words max.)

The main activities of the SIG team have been to prepare the ECM32 in Vienna. The SIG12 representative to the program committee is Andrzej Grzechnik.

2. SIG web site:

3. Number of ECA individual members registered with the SIG

SIG12 Materials Science 119 (as of 10/07/2019)

4. Existence of a SIG mailing list: yes

SIG12 communicates with its members via the ECA webpages [http://ecanews.org/mwp/groups/sig-12-crystallography-of-functional-materials/](http://ecanews.org/mwp/groups/sig-12-crystallography-of-functional-materials/)

5. Approximate total number of researchers involved in the SIG (please indicate the basis for the estimate)

6. Keynote speaker suggested by SIG12 for the ECM32 in Vienna

Francoise Damay
Unusual magnetic orderings from the interplay of triangular topology and magnetic anisotropy

7. List of MS organized by the SIG at the ECM32 in Vienna

SIG12 proposed and was the principal organizer of the following microsymposia:

1. Structural characterisation of functional materials

SIG12 co-organized the following microsymposia proposed by other SIGs:

1. Complex metallic alloys: periodic and non periodic
2. Materials for energy storage and conversion
3. Minerals and Materials under extreme conditions
4. Quantum materials
8. Prizes sponsored/coordinated

STOE regularly sponsors a poster prize in the field of the crystallography of functional materials at the ECMs (Warwick, Rovinj, Basel, Oviedo and Vienna).

9. Past Activities other than Microsymposia at ECM

SIG12 members participated in the organization of the following conferences:
2. 3rd Edition of International Conference on Advanced Spectroscopy, Crystallography and Applications in Modern Chemistry in London (UK, June 4-5, 2018)

Manuel Hinterstein and Helmut ehrenberg participated in authoring the new Volume H of the International Tables for Crystallography with chapter 2.8. “Powder diffraction in external electric and magnetic field”.

Currently, the SIG12 representative, Andrzej Grzechnik, participates in the organization of the ECM32 in Vienna as a member of the program committee.

10. Other matters. (50 words max.)

Members of SIG 12 are also involved in the design and use of experimental stations and new sample environments at large scale facilities (Petra-III in Hamburg, FRM-II in Munich and ESRF and ILL in Grenoble) to open new possibilities for the structural investigation of functional materials under \textit{in situ} and \textit{in operando} conditions.

11. Brief annual activity report (100 words max.)

SIG officers are involved in the organization of conferences and workshops related to materials crystallography at material science and diffraction-related meetings. They participate in review and advisory committees in various European large-scale facilities.

12. List SIG officers, name and e-mail, and specify their main function in the SIG:

\textit{Manuel Hinterstein} (Chair)  
Karlsruhe Institute of Technology  
Institute for Applied Materials – Ceramic Materials and Technologies  
Haid-und-Neu Strasse 7  
D-76131 Karlsruhe, Germany  
Phone: +49 (0)721 608 44373

\textit{Jerome Rouquette} (Co-chair)  
Institut Charles Gerhardt Montpellier, UMR 5253  
CNRS-UM2-ENSCM-UM1, Equipe C2M
Université Montpellier II Sciences et Techniques du Languedoc
Place E. Bataillon cc 1504
34095 MONTPELLIER cedex 5, France
Phone: +33 (0)4 67 14 40 33

Claire V. Colin (Secretary)
Institut Néel - CNRS
25 avenue des Martyrs - BP 166
38042 Grenoble cedex 9, France
Phone: +33 (0) 4 76 88 74 14
